Your Vision, Our Future

EVIS EXERA III

PCF-PH190L/I

An innovative series of ultra-slim colonoscopes featuring HDTV image quality.

Main features

New ultra-slim colonoscope design

With an ultra-slim scope diameter of only 9.7 mm, the PCF-PH features our new RIT colonoscope technology which combines effective PB (Passive Bending) and HFT (High Force Transmission). PB helps EVIS EXERA III 190 series scopes move through acute bends in the colon. HFT provides improved operator control for both pushing and twisting manoeuvres. The slim diameter and these superb functions will help insertion go even more smoothly, for quicker procedures with less discomfort.

HDTV image quality

Even with its ultra-slim diameter, the PCF-PH190 offers HDTV image quality that greatly assists close mucosal observation.

NBI (Narrow Band Imaging)

NBI in EVIS EXERA III 190 series scopes provides twice the viewable distance of EVIS EXERA II 180 series scopes and offers much greater contrast between blood vessels and mucosa. The greatly improved performance of NBI opens up exciting new clinical applications and reinforces NBI's position as the standard of care for GI endoscopy.

Waterproof One-touch Connector

A new connector design minimises the effort required for set-up prior to and in between cases. In addition, it is fully submersible and eliminates the need for a water-resistant cap and the associated risk of an expensive repair due to accidental immersion.

Specifications

Optical system	Field of view	140°
	Direction of view	Forward viewing
	Depth of field	2–100 mm
Insertion section	Distal end outer diameter	9.7 mm
	Distal end enlarged	
		
Instrument channel	Insertion tube outer diameter	9.5 mm
	Working length	L: 1680 mm, I: 1330 mm
	Channel inner diameter	3.2 mm
	Minimum visible distance	3.0 mm from distal end
Instrument channel	Direction from which endotherapy accessories enter and exit the endoscopic image	

Bending section	Angulation range	Up 180°
		Down 180°
		Right 160°
		Left 160°
Total length	L: 2000 mm I: 1650 mm	
Compatible	Video system center OLYMPUS CV-190	
EVIS EXERA system	Xenon light source OLYMPUS CLV-190
